Video Surveillance: The Board of Directors has established a video surveillance program on Quail Creek Avenue that will provide a record of license numbers of vehicles entering the subdivision. This information can be utilized by law enforcement personnel in case of any criminal activity occurring in the subdivision.

WIFI: We are happy to advise that WIFI is now available at the pool pavilion. You will find the password posted on the pavilion bulletin board.

Flowerbed Committee: "Thanks" to Jerry Webster who continues to monitor the beds to make sure they are properly watered and the yews pruned. Our flowerbeds continue to look good in spite of the very hot and dry weather. You have probably seen Bob Scott working on various flowerbeds along Quail Creek as he continues to straighten up the rock borders on many of the beds. A big "Thanks" to Bob for spending so much time helping to beautify our neighborhood. Don Cantrell has agreed to remove any yews or bushes that we want removed for a very minimal amount of money. This will have to be done very carefully to avoid interfering with the sprinkler system and also the rock borders that Bob has reset. The plan is to have some of the big shrubs removed in the fall and replaced with smaller plants.

Ice Cream Social: The annual ice cream social was held on Tuesday, July 10 at the pavilion. This event is hosted by the hospitality committee. Many residents attended and enjoyed the homemade ice cream, cookies, etc. as well as the opportunity to visit with neighbors. Thanks much to the hospitality members for making this event possible.

Board Meeting: The next board meeting will be at 7:00 p.m., August 9, 2012, at the home of Bill and Paula Ladd.
