

Quail Creek Newsletter

March, 2012

ANNUAL MEETING: The QCPOA annual meeting held February 27 was one of the best we have had. Outgoing President Bob Scott presided and outgoing Secretary/Treasurer, Donna Howerton, gave the financial and budget information that we all needed to hear and answered the questions that were asked. It was voted to expand our board of directors from five members to seven. Those elected by acclamation were Joe Brosovich, Troy Kennedy, Cathy Clendening, Mary Barber, Bill Ladd, Dale Penn, and Scott Menzel.

JOINT BOARD MEETING: At a joint meeting of the outgoing and incoming boards on March 6 the outgoing board presided and at the end of the meeting the new board selected the following officers for the coming year: **Joe Brosovich**, 4334 Newton, who has served on the board for 5 years, was elected president; **Troy Kennedy**, 4711 Woodpointe, owner of ITI Financial Management, who has served on the board 4 years was elected vice president; **Cathy Clendening**, 4751 Turnberry, who has been employed for 28 1/2 years as a general accounting manager for Paul Mueller Company and its subsidiaries was elected treasurer; **Mary Barber**, 4656 Woodpointe, who recently retired from O'Reilly Auto Parts and has lived here 4 years, was elected secretary. Board members-at-large will include: **Bill Ladd**, 4753 Woodpointe, who is a partner at Coffman and Co., P.C., a local CPA firm and has been in that profession for the last thirteen years and has lived in Quail Creek since 2005; **Dale Penn**, 4662 Turnberry, retired from Missouri Highway Patrol and moved here two years ago; and **Scott Menzel**, 4508 Parkhill, who also volunteers as our pool supervisor.

CONGRATULATIONS: On March 3 resident Keith Guttin, coach of Missouri State's baseball team, gained his 1,000th win when the Bears beat Northwestern State in Natchitoches, La.

WELCOME: To our new residents Matt, Tanya, and son Aiden Stunkel at 4779 Turnberry. Their home number is 425-2491 and emergency number is 417-718-2064. Matt is a dentist. Please add this family to your Directory.

GROUNDS: Plans are in the process to establish security cameras in the fountain/pavilion area, and extensive maintenance work is to be done to the pool including cleaning, caulking, and painting.

DOGS: A persistent complaint is dog poop not being picked up from the sidewalk and neighbors' yards. All dog owners need is plastic gloves and a sack to keep this problem from happening. Also, when dogs are allowed outside and bark excessively it is disturbing to those living nearby.

DIRECTORY: Gaye Lee, 890-5518, is beginning work on the new 2012-2013 Directory. If there are corrections that need to be made in your listing and you haven't called her, please do.

The next board meeting will be held April 3, 2012 at the home of Joe Brozovich at 7:00 p.m.
