

# Quail Creek Newsletter

September 2010

\*\*\*\*\*Fall Garage Sale – Saturday, September 18\*\*\*\*\*

**Our Sympathy:** Pete Burns, our neighbor at 4455 Quail Creek, passed away September 1, 2010. He fought a long hard battle with cancer. Pete was involved in many of our Quail Creek activities and served with his wife, Lugene, as chairman of the Neighborhood Watch Committee for several years and as a block captain until unable to do so. He will be missed. Also, condolences to Howard and Patricia Bannerman, 4673 Quail Creek, on the death of her father, Peter Larsen, who died August 25. He owned and operated Ozark Typewriter for 26 years.

## **Resident Concerns:**

1. It has been noted that cars often **speed** and do not stop at **stop signs** in our subdivision. This is a scary thing! School has started and children are often waiting or walking to their pick up spot and many residents are out walking daily for exercise. Let's all pay close attention to how we drive, be sure we stop at stop signs, and prevent a tragedy from happening. The legal speed limit is 30 on Quail Creek and all other streets are 25.
2. There are many dogs that reside in our subdivision and enjoy daily walks. There are also lots of human residents who walk, and they do not like stepping in dog poop. Remember, dog owners, to have a bag and a disposable glove to pick up your dog's poop. Your neighbors will surely appreciate it.

**Welcome to our Neighborhood:** Al and Joyce Haymes purchased their retirement home here in Quail Creek. They were looking to downsize from their home in Nixa, and fell in love with 4697 Woodpointe. Their telephone is 877-7100. Please add them to your Directory

**Weather & Yards:** Our yards took a beating this summer during the long hot dry spell. But since the big rain on September 1, cooler weather, and with some tender loving care they will come back to their lovely green condition.

The next QCPOA Board of Directors' meeting will be October 4, 2010, at 7:00 p.m. at the home of Bill Hass.
